

EXECUTIVE DIRECTOR FOR ACADEMICS' WELCOME BACK TO SCHOOL LETTER

Academic Year 2021-2022

Dear Students of the Higher Education Departments,

Greetings with the LORMA smile!

On behalf of the administration, faculty and staff, I am extending a warm welcome to all of you. Starting today, September 6, 2021, whether you are a returnee, a freshman, or a transferee, I greet you to the new Academic Year of 2021-2022.

Lorma Colleges is here to support you in every step of the way in your academic journey and career development. For this academic year, we continue our FlexOn Learning for the Basic Education, Collegiate, and Graduate Level Programs.

In the forefront, the FlexOn Learning provides an alternative means of education as flexible as online learning. In detail, it is a hybrid approach—combining synchronous and asynchronous learning with greater flexibility—to cope up with an individual learner's capability and resources. Accordingly, this allows continuous attendance to classes from anywhere, regular communication with instructors, and collaborative connections among students.

At this time, the FlexOn is more enhanced with the aid of other learning platforms until a transition can be made to a Hyflex model, where we will be allowed to open the campuses for face-to-face learning.

Since the past academic year, our top priority remains: your health, safety, and well-being off campus. For this purpose, our Student Support Services Office continues to contribute to your development, particularly through the programs and activities of the Student Services, School Chaplain, Campus Health and Safety, and Guidance and Counseling office. Likewise, the administrative offices continue to serve you: starting with the Executive Director for Academics, Head of Finance, including the College President. We all report on campus to serve you, our dear students, parents, and employees through our online means. We are always on campus ready to be of service to all.

With COVID-19 still around, we assure you that we are monitoring the situation on ground because we prioritize the health and safety of all students, faculty and staff and your families, on or off campus.

Thank you for trusting Lorma Colleges and its community. May you continue to have good faith in our service by reaching out to us with your concerns.

Stay safe always.

Best regards,

PACITA DE GUZMAN APILADO, Ed.D., MAN, RN
Executive Director for Academics
